February 21, 2014

Wilkins Radio Network, Inc. has been working with Radio Advertising, Inc. for over 11 years now. Each year, Radio Advertising has generated thousands of dollars of revenue for our stations. They have a very professional staff who have always gone out of their way to speak with our local business clients in a very nice professional manner. We have never had complaints from anyone regarding their sales team. I highly recommend the services of Radio Advertising, Inc.

Janet Stevens
Director, Corporate Administration
